

One Center City GUIDING PRINCIPLES

Safety: Provide a safe and comfortable pedestrian and cycling environment

User experience: Create an easy to use and intuitive system by prioritizing accessibility, pedestrian mobility and multimodal connectivity

Equity: Design for the health, safety and well-being of all who live in our community using established race and social justice guidelines

Public space: Design the street experience and public realm so that they are inviting, engaging, a safe and supportive of social connections and community-building

Stewardship: Reduce vehicles and emissions and use sustainable building practices

Well-being: Support social sustainability and economic prosperity for all

Flexibility: Create flexible systems that can evolve over time by taking a system-wide view and challenging long-held assumptions

Optimization: Optimize use of limited street and sidewalk space for people and goods

Transportation: Provide safe, affordable, comfortable, reliable and convenient transportation options for all users - daytime and nighttime, commuters and noncommuters, and those needing timely multiple connections
